Re: Final Long-Term Groundwater Monitoring Plan and  
South Area ORC Pilot Study Report  
American Chemical Service NPL Site, Griffith, Indiana

Dear Mr. Adler:

Please find enclosed two copies (each) of the Final Long-Term Groundwater Monitoring Plan and the South Area ORC Pilot Study Report. The Final Long-Term Groundwater Monitoring Plan includes copies of the three Response-to-Comment letters at the end of the report. The South Area ORC Pilot Study Report provides a summary of the ORC Pilot Study to date, as well as recommendations for further limited investigations.

We are sending two copies of each report to IDEM and to Black & Veatch. If you need additional copies of this report please let me know and we can forward them to you, or whomever you specify.

Sincerely,

MWH, Inc.

Peter J. Vagt, Ph.D., CPG  
Vice President
